## Thompson-Brenneman.

A quiet but happy wedding ceremony was performed at 7 p. m. Sunday, August 12th, by the Rev. Mr. Partridge at the home of the bride's parents, uniting Miss Cordelia Brenneman and Mr. Clyde Ray Thompson.

The bride is the daughter of Mr. and Mrs. B. F. Brenneman, and though living in Russellville only a few months she has made many friends by her cordial and friendly manners. The groom is a prosperous young farmer of Crawfordsville, Ind., and is to be congratulated upon winning such a bride.

Mrs. J. L. Jackson presided at the piano in her inimitable way, playing the accompaniment for Mrs. J. W. Vaughn's song, "Answered," by Robyns.

The bride, always beautiful, never looked more lovely than when she descended the stairs as the wedding march pealed forth. Her wedding gown was soft fluffy net with valenciennes lace over taffeta and she carried a bouquet of brides' roses.

She was met at the door by the groom attired in the conventional black, and before the friends assembled to do them honor they were made one in "hopes and destiny." After the wedding ceremony a beautiful and impressive prayer was said by the Rev. J. L. Jackson, of Orville, Ala.

The brides' going away gown was a dark blue taffeta eton suit with Persian and gilt trimmings and white gloves, shoes, hat and purse to match. After Aug. 16th Mr. and Mrs. Thompson will be at home to their friends at Crawfordsville, Ind.—Russellville, Alabama, Times.

## A Card.

To the Voters of Wolfe County:

Having been solicited by Democrats from the different precincts of the county to make the race for Sheriff for the next term, I take this method of announcing myself a candidate for said office subject to the will and action of the Democratic primary to be held some time in 1908. This is the first time that I have ever announced as a candidate for any office, but ever since I became twenty-one years of age have been found in the ranks of the party fighting for the success of the principles of the party, which are dear to the heart of every true Democrat, and when the nominees have been selected by the party I have spent both my time and money in securing their election. I ask all voters to consider my candidacy, and if I am nominated and elected I will devote my time and attention to the duties of said office, and that the door of said office will be open during all business hours of the day to transact any business that may come to said office. Soliciting your support, and with best wishes for the "Great Common People," I remain yours, for success,  
ROY SMITH.

No little city in the State of like size offers such educational advantages. Our citizens have spared no expense in the erection of buildings that are inviting and comfortable and offer a school home that any one can be proud of.

## "Everybody Should Know,"

Says C. G. Hays, a prominent business man of Bluff, Mo., that Bucklen's Arnica Salve is the quickest and surest healing salve ever applied to a sore, burn or wound, or to a case of piles. I've used it and know what I'm talking about. Guaranteed by all leading druggists of Wolfe county. 25c.

For want of a printer we must beg our subscribers to this week overlook our shortcomings, and all newspaper friends to send a printer this way, if they know of one.

I have decided to sell my farm of 160 acres; 65 in grass, 85 woodland, balance in cultivation. One good dwelling of six rooms, a good barn and other good out buildings; two good tenant houses and three good wells, good garden and fine orchard; lays well with good outlet, 1 mile of Rogers, Ky., 2 1/2 miles west of Campton, on belt between Campton oil field and Torrent. For further particulars call on or write Henry C. Nickell, Rogers, Ky.

We are proud of the fact that we are all laborers in this community practically every citizen is included, for who among the number is there who does not, to a greater or less extent, perform manual labor.

See the professional card of Dr. C. H. Williams in this paper, and when in need of physic give him a call. He is a nice gentleman and a fine physician, with several years of active practice at the back of his diploma.

The funeral services of the late John Brown were held at Bethel church Sunday day in September. They were indefinitely postponed on account of measles in the decedant's family.

A. B. Amyx, of Chanute, Kansas, accompanied by his niece, Miss Bertha Amyx, of Muscogee, Indian Territory, were visiting friends at this place Sunday.

Buy of your home merchants and increase the value of your property. This is a fact, the better the town the more demand there is for property.

## How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat? Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder, or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

"About January 1st, 1902, I took down with weakness and dropsy, and gradually grew worse. I was told by my family physician that my case was hopeless. My neighbors and family had given me up to die. My limbs and body were swollen to one-third larger than normal size, and water had collected around my heart. For at least three months I had to sit propped up in bed to keep from smothering. I sent for five bottles of Dr. Miles' Heart Cure, and by the time I had taken them all I was entirely cured. I feel better than I have for twenty years, and I am able to do any kind of work on my farm. My attending physician told me that if it hadn't been for Dr. Miles' Heart Cure I would now be in my grave."

L. T. CURD, Wilmore, Ky.  
Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

### Grit's New Story—"Hilma."

Many people like to read first-class fiction, and at the same time do not like to go to the expense of buying a high priced novel. For that reason, The Pennsylvania Grit, America's greatest family paper, at Williamsport, Pa., is one of the best investments in literature a man can make. It gives in connection with a 16 to 24 page newspaper each week, a Story Companion, in which is run an installment of a first-class story every issue, besides several short stories. From six to eight high class novels are thus given free with every yearly subscription that paper for \$2.00, thus saving the reader several dollars. Beside this fiction the paper itself teems with topics of interest. On the whole you can obtain more interesting reading through it than a any novel at the price. The next novel is Hilma, by William Tillinghast Eldridge, a fascinating and exciting romance, in which an audacious American of wealth comes to the rescue of a royal princess, who is surrounded by medieval conditions and conscienceless plotters, which will begin Sept. 1, and all lovers of good literature should send for it at once.

### Gov. Hager's Appointments.

Louisa, September 2; Pikeville, September 3; Prestonsburg, Sept. 4; Paintsville, Sept. 5; Salversville, Sept. 6; West Liberty, Sept. 7; Hazel Green, September 9; and, Sept. 10.

It has fallen the lot of the writer to travel up and down this broad commonwealth to a considerable extent, both in search of business and pleasure, and without any attempt to flatter the good people of this section it can be truthfully said that no town of equal size has yet been found that equals our own little city.

To be sure the department stores tell you that if their goods are not satisfactory you can return them. Sure! And you have to pay the express or freight both ways and you decide to keep them. If your home merchants' goods are not satisfactory you take them back and it costs you nothing.

True, there are no merchant princes here, as are often found in the larger cities, but at the same time the town is remarkably free from the class that is watched with tender solicitude by the wholesale houses, and whose devious ways cause much foreboding to their numerous creditors.

Nature studies should be found in all grades of public schools, from the kindergarten to the college; that it is of utmost importance, since it appeals to our practical life, and for developing our highest and best good, by bringing us to nature's heart, and near to nature's God.

The hard rain on Grassy creek Friday last raised that stream so high that several water gates and dams were washed out for Sebron Walter and others, while Lacy creek, west of the town, was higher than ever before known.

Notice is hereby given that the grounds about and water in Swango Spring must be treated as private property on and after Sept. 1, 1907. J. S. RITTENHOUSE.

Miss Molly Coldiron, who has been laid up on account of rheumatism, was able to be about Tuesday, and thought she could resume her school here Monday.

The attention of our readers is again called to the cut-price list of D. C. Miller, Jr. Mr. Miller had such phenomenal sales thru his ad last week that he concluded to advertise again this week. He sold \$386 in goods Saturday, and is convinced that advertising pays better than anything.

### His Official Services.

Our friend and well known citizen, Hon. D. S. Godsey, whose death was mentioned as having occurred on the 12th inst. at his home near Loveland, Ohio, was buried here on the 15th inst. For many years he resided in our town and with his wife, who is survived by him, were recognized as two of our most respected citizens. Mr. Godsey was a gallant soldier of the L at Cause, served the then Wolfe, Menisee, Montgomery Legislative district in the lower house of our State Legislature in 1885-6, filled various local offices in our county with uprightness and integrity, and leaves a name respected by all. Mrs. Godsey, who survives him, was born and reared in our town, is confined to her home by serious affliction physically, and being among strangers, as it were, has decided to relocate among her kinsfolk and old friends in Hazel Green as soon as her condition will permit. We shall welcome her as one who is loved by all. Their only son lives in Washington, D.C. which place has been his home for 15 years.

### The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by all leading druggists of Wolfe county. 50c

Dan Davidson, and Will Alexander, of Daysboro, were in to see us Saturday, and told of a boundary of timber they had bought on the Harmon Swango farm and which they were getting ready to saw. It embraces about 300,000 feet. They were looking for a set of tram wheels, and went to the Chapel to secure them.

Mr. and Mrs. Steve S. Rose and Mrs. Southey Lacy, of Lacy creek, took in a large part of the Lexington fair, and the latter was very highly pleased with the sights she seen and the way she was entertained by Powell Rose and family and others that she never tires of the topic.

### Endorsed by The County.

"The most popular remedy in Otsego County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the takers by all leading dealers in Wolfe county. Price 50c. and \$1.00. Trial bottle free.

Our young friend, Dr. James H. Dunn, of Lee City, has sent us a communication, "How Obtain an Education," which we deem so good that we are holding it for the school edition.

One of our good farmers was telling the other day of a conversation he chanced to hear between a young boy in his teens and a Christian Scientist. It appears the Scientist came across a small boy sitting under an apple tree doubled up with pain. "My little man," he said, "What is the matter?" "I ate some green apples," moaned the boy, "and, oh, how I ache?" "You don't ache," answered the follower of Mrs. Eddy; "you only think so." The boy looked up in astonishment at such a statement, and then replied in a most positive manner: "That's all right; you may think so, but I've got inside information."

Willie Johnson and wife, of our town, met with an accident Sunday while going down rocky hill which came near proving serious, and as it was resulted in the former being bruised and lamed, and the latter scratched and bruised about the face and head. While driving down the hill the yoke of the tongue broke, letting the buggy run on to the mules, and in trying to get away they turned over the rig, spilling the occupants, which resulted in the injuries as stated. Both of them, we are glad to state, are able to be about, though still suffering much pain.

Among the many freaks of nature handed into this office none have been greater curiosities than that of a corn stalk brought to us Monday by Mrs. Southey Lacy. It is the pollen end of the stalk, bent so that a part turns down and leaves intertwine forming seven steps in imitation of a ladder, and plainly the thorough work of nature.

### A GREAT EXHIBITION

The Kentucky State Fair Offers  
\$25,000 In Prizes.

EVERY CLASSIFICATION COMPLETE

Fifteen Departments Will Give to the  
Visitors the Most Attractive Displays.

There is a disposition upon the part of the general public to display a tired feeling when the announcement is made of plans for a new exposition. In America, as in the old country, they have been coming rather fast of late, and the experience of the managers of the Jamestown Exposition lends full weight to the argument which favors having them few and far between. This is not the case, however, with State Fairs. Like Emerson's brook, they go on and on forever, the interest increasing as each succeeding exhibition approaches. Certainly this is true of the Kentucky State Fair. From every section of the commonwealth, and, indeed, from many sections of other commonwealths, there is shown a striking desire to make the 1907 Kentucky State Fair more than twice as big as that of 1906.

A State Institution, created by the General Assembly, operated by the State Board of Agriculture and supported in a large measure in a premium appropriation, this spirit of friendliness is to be commended. The managers of the State Fair are building it along most liberal lines so far as all exhibit departments are concerned. Twenty-five thousand dollars in cash is offered in prizes at the coming exhibition to be held in Louisville Sept. 16 to 21.

There are 15 exhibit departments. All of these departments are in charge of members of the State Board of Agriculture. The Hon. Hubert Vreeland, Chairman of the Board, who is now Commissioner of Agriculture, has for his departments, poultry, pigeons, collie dogs, tobacco, plants, flowers, horticulture, farm implements and machinery. The other departments are headed as follows: Dairy cattle, sheep and goats, Professor M. A. Scovell, Director of the Experiment Station at Lexington; swine and woman's work, G. N. McGrew, Bayou, Livingston county; beef cattle, W. R. Moorman, Jr., Glendene, Breckinridge county; horses, mules and jacks, Guthrie M. Wilson, Bardonia, Nelson county; field seed, grain, vegetables and melons, William Adams, Cynthiana, Harrison county. Other members of the Board, who are not assigned to exhibit departments but who are active in other directions in making the fair a success, are Lawrence Jones, Louisville, Desha Breckinridge, Lexington, and John C. C. Mayo, Paintsville, Ky.

In many departments the members in charge have appointed superintendents and assistant superintendents. These are as follows: Mules, William Simmons, Shepherdsville, superintendent; jack stock, W. S. Gibbs, Springfield, superintendent; swine, H. L. Igleheart, Uniontown, superintendent; poultry and pigeons, John H. Good, Louisville, superintendent; Robert H. Young, Louisville, assistant superintendent; vegetables and melons, S. H. Sale, Louisville, superintendent; field seed and grain, H. C. Lovelace, Boston, superintendent; Geo. D. Karsner, Lexington, assistant superintendent; tobacco, M. H. Froman, Ghent, superintendent; S. B. Robertson, Calhoun, assistant superintendent; plants and flowers, Henry Nantz, Louisville, superintendent; woman's department, Miss Wyn Porter, Louisville, superintendent; Miss Julia Dupre, Louisville, and as Eva N. McGrew, Bayou, assistant superintendents; horticulture, M. J. Johnson, Buechel, superintendent; J. H. Bates, Buechel, assistant superintendent; collie dog show, C. H. Thomas, Louisville, superintendent; farm implements and machinery, J. B. Walker, Hopkinsville, superintendent.

### MUCH INTEREST IN TOBACCO

Seven Hundred and Seventy Dollars  
Offered at the Kentucky State  
Fair in Premiums.

The money offered in premiums at the Kentucky State Fair to be held in Louisville Sept. 16th to 21st should result in the largest display of tobacco ever seen in the south. Four hundred and seventy dollars is given by the State Fair Board, about equally divided between burley and dark types. The Louisville Board of Trade has added to this \$250 for premiums as follows:

pounds net, Bright Burley Leaf

### AN IGORROTE VILLAGE

One of the Big Attractions For Ken-  
tucky State Fair Week.

In line with its policy to put on only the greatest attractions that can be secured, the Kentucky State Fair management has closed a contract to have an Igorrote Village at the coming exhibition during the week of Sept. 16th, in Louisville, which will undoubtedly prove a great attraction. This village is now located within the White City at Chicago. Its inhabitants are a horde of barbarians who have come direct from the Philippines.

This exhibition is better in fact than the one at the World's Fair in the Philippine Reservation. All of those natives were returned to the Philippines by order of the United States government and new contracts were signed with Uncle Sam to bring over a new lot of genuine dog-eating Bontoc Igorrotes. The primitive life of these barbarians will be lived every day at the State Fair, just as it is in Bontoc. Their huts are of native material, coming from the island of Luzon. The tribe includes some of the famous head hunters of the Philippines. There are many rites and ceremonies peculiar to these people and there are constant dances and feasts. The native industries are shown in the village, which will be open to inspection all day and half the night during State Fair week at Louisville.

### TRAINED WILD ANIMALS.

Mundy's Trained Wild Animal Arena, the big zoological congress that has been holding forth in the famous White City at Chicago this year, has been engaged for the Kentucky State Fair at Louisville, Sept. 16th to 21st. This is admitted to be one of the most complete trained wild animal organizations in America. There is no better collection, nor are there finer specimens of the Asiatic and African carnivora than are to be seen in this big trained wild animal show. Each and every one of them is thoroughly educated and every one is a competent actor.
